

Dear Rajesh Kumar,

I've gone through your credit report carefully. Your score is 540 — this is concerning, but it's fixable. Don't worry, I'll explain exactly what's going on and what you can do about it.

Here's what I found:

Problem #1: HDFC Bank Credit Card

Account shows negative status 'WRITTEN OFF'

Amount: ■1,85,000

This is pulling your score down by approximately 30-50 points.

Here's exactly what to do:: Call your bank's customer care or visit the nearest branch | Ask for the settlement amount for your written-off account | Negotiate — banks often accept 40-60% of the outstanding amount

Problem #2: SBI Personal Loan

Account shows negative status 'SETTLED FOR LESS THAN FULL AMOUNT'

This is pulling your score down by approximately 30-50 points.

Here's exactly what to do:: Collect your settlement letter from the bank (if you don't have it) | Check if the letter says 'Settled' or 'Closed' — 'Settled' hurts your score | Write to the bank asking them to update the status to 'Closed' instead

I know this looks like a lot, but take it one step at a time. Fix the first issue this week, and you'll already be on your way. You've got this.
